## K-1-2 KIRRALONG CLASS ROOM

Over the next few weeks we are learning to work in a small group on a research project. Our group leaders are learning how to respectfully lead their group, and the group members are carefully listening to instruction and carrying out their duties.

We are learning how to read and write Ordinal numbers and we can say the position objects are in. We are going to start working on length.

Well done to everyone for remembering to bring their home readers back each day.

**THERE WILL BE NO KID'S CLUB DURING AUGUST!!!**

It is very rare to be able to see a locomotive of this scale operating on a main line as we will be when visiting Goulburn. Passengers in the heritage carriages will get the full authentic experience. They not only have the pulsing sound from the massive engine, but also the plumes of smoke and steam streaming by their window as it gathers speed.

At speed, the locomotive chews through coal so quickly that the fireman can't keep up so uses the automatic stoker. The massive boiler also swallows up to 430 litres of water a minute so 40 tonnes are carried up front.

Nash, Oliver and Tom received their PSSA ribbons for coming 2nd in the District Relay.

Kobee, Taylah and Amali very serene as they participate in "Clear Minded for Life" Meditation.

#### THE OFFICE CORNER:

Apologies to Marshall - he was not born in July - he will feature in the birthday list next month.

**PLEASE NOTE-** those students participating in the Eisteddfod - the date has been changed to TUESDAY, 30TH AUGUST at the Lieder Theatre.
