25th August, 2016

## Principal's Message

Dear Parents & Families,

Please come along to celebrate Education Week/Book Week with us tomorrow, Friday, at 2:10 pm. The theme for Book Week is Australia Story Country. Come dressed as your favourite book character or Australian. Please visit our class rooms to see our students' great work.

Hockey coaching begins tomorrow, Friday, 26th August. Megan has asked students to have a mouth guard and shin pads. She does have some spare shin pads.

Good luck to the students participating in the Goulburn Eisteddfod on Tuesday, 30th August. Thank you so much to Tanya for all her preparation with the students. We wish you every success in your event.

Ms Grahame and Mrs McDade are happy to discuss your child's progress with you. Please make an appointment through the office.

Regards,

Liza Duncan  
Principal ☺

Our students all love the cooking class -

## 3-4-5-6 CURROBUNG CLASS ROOM

3-4-5-6 have been learning about friendship and what makes a good friend. We have been working together to create some props and scenery for "The Lion King" using paint, paper, masking tape, fabric and pipe cleaners. It is lovely to see our combined class working together on one big project.

In maths, we have been working independently and we completed our class maths test, so we can determine what we know and what we need to learn.

I have been impressed with the students who return their completed homework and reading books. It is an important habit to learn for high school.

**THERE WILL BE NO KID'S CLUB DURING AUGUST!!!**

It is very rare to be able to see a locomotive of this scale operating on a main line as we will be when visiting Goulburn. Passengers in the heritage carriages will get the full authentic experience. They not only have the pulsing sound from the massive engine, but also the plumes of smoke and steam streaming by their window as it gathers speed.

At speed, the locomotive chews through coal so quickly that the fireman can't keep up so uses the automatic stoker. The massive boiler also swallows up to 430 litres of water a minute so 40 tonnes are carried up front.
